

Saudi Neonatal Resuscitation Program (SNRP)

Standard Instructor-Led Training Course Agenda

The standard full-day SNRP course spans approximately 6 hours and 15 minutes, inclusive of allocated breaks and prayer recesses. It balances theoretical reviews with practical skills laboratories and active group simulation testing.

Time	Module / Lesson Description
07:45 - 08:00	Participant registration
08:00 - 08:15	Lesson 1: Course Introduction
08:15 - 09:15	Lesson 2: Review of the foundational Neonatal Resuscitation
09:15 - 09:30	Morning Break
09:30 - 11:00	Lesson 3: The neonatal resuscitation skills station (Hands-On skills)
